

DID YOU KNOW?

Your summer properties are required to have working smoke and carbon monoxide alarms too!

While enjoying your piece of heaven think about fire and carbon monoxide safety.

PACK NEW SMOKE & CARBON MONOXIDE ALARMS, AND FRESH BATTERIES, BEFORE HEADING TO THE COTTAGE.

HAVE WORKING SMOKE ALARMS ON EVERY STOREY AND OUTSIDE SLEEPING AREAS.

IF YOUR COTTAGE HAS ANY FUEL-BURNING APPLIANCES, ATTACHED GARAGE OR WOOD OR GAS FIREPLACE BY LAW YOU MUST INSTALL CO ALARMS OUTSIDE ALL SLEEPING AREAS.

MAKE SURE YOUR BOAT CAMPER OR TRAILER ALSO HAVE SMOKE AND CO ALARMS.

PUT FRESH BATTERIES IN ALL SMOKE AND CO ALARMS AT THE START OF THE SEASON.

ALARMS DON'T LAST FOREVER! REPLACE ALL SMOKE ALARMS OVER 10 YEARS OLD AND ANY CO ALARMS MADE BEFORE 2009.
