

Notice of Public Information Session

Draft Traffic Calming Policy Public Consultation

Traffic Calming Purpose

The overall purpose of this policy is the need to establish a more robust traffic calming policy that is appropriately scaled and tailored for Midland. This policy is intended to restore Town streets, with an identified problem, to their intended function through applicable traffic calming measures, and hence, preserve and enhance the quality of Midland communities.

Traffic calming policies and guidelines are important tools within a municipality's repertoire in terms of implementing safety improvements or addressing safety concerns from residents.

The virtual Public Information Session is scheduled as follows:

Date: Tuesday, August 24, 2021 at 7:00 pm

In order to take part in the Public Information Session, pre-registration is required.

Please email engineering@midland.ca with subject line "Draft Traffic Calming Policy Public Consultation" or call 705-526-4275; ext 2243 to get on the mailing list. Once registered, a link to the webinar will be provided to each attendee on August 23, 2021.

All those interested in participating are encouraged to review the Draft Traffic Calming Policy and Guidelines prior to the webinar. Please submit any questions/comments that you may have prior to the scheduled session to engineering@midland.ca. For more information and to view the Draft Traffic Calming Policy and Guidelines, please visit EngagingMidland.ca/Traffic-Monitoring-Program.

Dated this 19th day of August, 2021.

Mitch Sobil, P. Eng.
Manager of Engineering
