Validation of identification must also be undertaken to ensure that vaccination receipt offered by the patron belongs to them. Validation of vaccination will be based on two key identifiers:

1. Name of the identification holder; and
2. Date of birth.

A photo identification is not required.

Proof of identity can be established using documentation issued by an institution or public body, provided it includes the name of the holder and date of birth. Examples of identification documents that may be used to confirm the identity of the holder of the vaccine receipt include:

- Birth certificate
- Citizenship card
- Driver's licence
- Government (Ontario or other) issued identification card, including health card
- Indian Status Card /Indigenous Membership Card
- Passport
- Permanent Resident card

If the name and date of birth on both documents do not match, the individual will not be allowed to enter the business or organization.

The patron seeking entry to the business or organization is **solely responsible** for demonstrating that they are the legitimate holder of the vaccination receipt, and that the information being provided is complete and accurate and relates to the patron. If they cannot demonstrate that to the business or organization, the individual will not be allowed to enter.

Proof of Medical Exemption:

To review proof of a medical reason for not being vaccinated against COVID-19, the business or organization must ensure:

- The name of the person in the written documentation matches the identification provided.
- The physician's or registered nurse in the extended class's information is complete by including:
 - Name and contact information of the physician or registered nurse in the extended class;
 - Logo or letterhead identifying the physician or registered nurse in the extended class;
 - Statement that there is a medical reason for the individual's exemption from being fully vaccinated against COVID-19; and
 - Any effective time-period for the medical reason which includes the date the patron is seeking access to the business or organization.

Proof for an Individual Who Works or Volunteers with Organized Sports:

All workers, volunteers, coaches, trainers and officials are asked to show proof of their exemption provided to them by their sports organization.

Any vaccine receipt altered in any way will be deemed invalid.

A negative COVID-19 test or recent COVID-19 infection is NOT the same as being fully vaccinated.

Additional Notes for Check In:

All other public health measures (e.g., masking, and physical distancing) and capacity limits continue to apply.

The facility will continue to actively screen all entrants for COVID-19 symptoms.

All facility participants must enter through the main entrance, with the exception of the BGC of North Simcoe (formerly the Boys and Girls Club).

A master participant lists from all user groups and minor sport organizations will be requested for contact tracing purposes.

Participants will be permitted two (2) spectators each. Midland Flyers capacity are currently capped at 150 spectators.

Hockey participants are allowed to enter 30 minutes prior to their rental; Gym users are allowed to enter 10 minutes prior to their rental.

Compliance:

Anyone unable to provide proof of vaccination or legitimate exemption will be denied entry.

If problems arise, the non-emergency OPP will be called. If problems persist with any one individual, we will address it with the organization they belong to, and any further problems will result in the individual being trespassed by the facility.

This is to be posted throughout the facility and sent to all user groups.
