Following consideration of the above correspondence, Mayor McKay called for anyone in the audience to make comments in opposition or in support of the proposed land declarations.

Mr. D. Ellis, 404 Lakewood Drive, spoke to the historic use of 349 Lakewood Drive and noted that the property is currently used by residents to access the water. Mr. Ellis suggested that 10 residents who are currently away be given an opportunity to speak to the matter. Mr. Ellis further questioned the Town's intent with respect to the land and whether residents would have an opportunity to bid on the land should the Town decide to dispose of the land.

Mayor McKay advised that Council would need to vote on any proposed use of the land and anyone interested in building on the property would need to meet all the regulatory requirements.

Mr. Ellis questioned the property width required to permit a septic service on waterfront land and expressed concern for existing wildlife on the property.

The Director of Planning and Building Services advised that if the land was declared surplus, another process would be initiated to determine an appropriate use for the land. Should a decision be made to rezone the land, notice would be provided in accordance with the Town's Notice By-law.

Mr. Allan Shapes, Aberdeen Boulevard, expressed support of the land being declared surplus and sold, with the revenue being used to reduce any deficit or debentures.

Mayor McKay then asked for comments from members of Council.
