

Notice of Completion

Town of Midland Wastewater Master Plan

The Town of Midland completed a Municipal Class Environmental Assessment (Class EA) for a Wastewater Master Servicing Plan. The purpose of the EA study was to provide guidance on short and long-term wastewater infrastructure improvements within the urban boundary of Midland.

To address infrastructure needs associated lifecycle replacement needs and continued development within the Town of Midland, the following projects have been identified as part of the long-term servicing strategy:

- Provide additional wet-weather treatment or storage at the Wastewater Treatment Center (Schedule B).
- Lifecycle upgrades and process expansions at the Wastewater Treatment Center including: headworks replacement, aeration system upgrades and expansion, new primary clarifier (10 – 15 year horizon), disinfection system upgrade, septage receiving station upgrades/odour control, upgrades or replacement of nutrient management facility (existing egg shaped digester). (Schedule A+ or B – no increase in annual average day rated capacity)
- Sewer main upgrades along Bayshore, Young, and Pillsbury Trunk sewer mains along with new Bayshore North SPS (Sunnyside Area) and force main, new Pillsbury Trunk SPS (County Road 93 and Highway 12) to accommodate new development.

The study was conducted according to the requirements of Phases 1 and 2 of the Municipal Class Environmental Assessment which is an approved process under the Environmental Assessment Act. The Master Plan demonstrates a sufficient level of investigation, consultation and documentation to fulfil the requirements of the identified Schedule B projects for the proposed infrastructure projects. Interested persons should provide written comment to the Municipality on the proposal within 30 calendar days from the date of this Notice. Comments should be directed to Jane Wilson of J.L. Richards & Associates and Andy Campbell, Director of Engineer, Town of Midland.

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study (i.e. requiring an individual/comprehensive EA approval before being able to proceed), or that conditions be imposed (e.g. require further studies), only on the grounds that the requested order may prevent, mitigate or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests on other grounds will not be considered. Requests should include the requester contact information and full name.

Requests should specify what kind of order is being requested (request for additional conditions or a request for an individual/comprehensive environmental assessment), how an order may prevent, mitigate or remedy those potential adverse impacts, and any information in support of the statements in the request. This will ensure that the Ministry is able to efficiently begin reviewing the request. The request should be sent in writing or by e-mail to:

Minister of the Environment, Conservation and Parks	Director, Environmental Assessment Branch
Ministry of Environment, Conservation and Parks 777 Bay Street, 5th Floor Toronto ON M7A 2J3 minister.mecp@ontario.ca	Ministry of Environment, Conservation and Parks 135 St. Clair Ave. W, 1st Floor Toronto, ON M4V 1P5 EABDirector@ontario.ca

Requests to the Ministry should also be sent to Jane Wilson, J.L. Richards & Associates and Andy Campbell, Director of Engineer by mail or by e-mail.
