TOWN OF MIDLAND
BY-LAW 2004-90

A By-law to regulate the use of lands and the character, location, and the use of
buildings and structures in the Town of Midland.

WHEREAS the Town of Midland's urban area Zoning By-law is twenty-five years old and in need of an update;

AND WHEREAS as a result of County Restructuring, certain lands formerly within the Townships of Tay and Tiny were transferred to the Town of Midland along with the accompanying Zoning By-laws, applicable to the aforementioned lands;

AND WHEREAS the Municipal Council of The Corporation of the Town of Midland now deems it expedient, pursuant to the authority given to it under Section 34 of the *Planning Act*, R.S.O. 1990, to regulate the development and use of the lands within the Town of Midland and to implement a Zoning By-law which is in keeping with the purpose and intent of the new Official Plan as adopted and approved by the County of Simcoe.

NOW THEREFORE THE MUNICIPAL COUNCIL OF THE CORPORATION OF THE TOWN OF MIDLAND HEREIN ENACTS AS FOLLOWS:

SECTION 1 TITLE AND ADMINISTRATION

1.1 TITLE

This By-law may be cited as "The Zoning By-law of the Town of Midland."

1.2 DEFINED AREA

This By-law applies to all land and waters within the boundaries of the Town of Midland.

1.3 ZONE AND GENERAL PROVISIONS

The provisions of this By-law shall be held to be the "minimum" requirements except where the word "maximum" is used in which case the "maximum" requirement shall apply.

1.4 ADMINISTRATION

This By-law is to be administered by the Director of Planning and Development, or other such person designated by Council, and in the event of absence by such other employee of the Corporation, as Council designates from time to time.

1.5 PERMITS

No permit for the use of land or for the erection of any building or structure or approval of any municipal license within the jurisdiction of Council, shall be issued where a proposed use, building or structure, would be in violation of any provisions of the By-law.

1.6 CERTIFICATE OF OCCUPANCY

1.6.1 No building or structure which has been erected or altered is to be changed in use, in whole, or in part, until a Certificate of Occupancy has been issued by the Chief Building Official.

1.6.2 No permit for the use of any land, no building permit or other permit for the use, alteration or erection of any building or structure, no Certificate of Occupancy, and no approval of an application for any municipal license is to be issued or given where the use, building or structure is contrary to the provisions of this By-law except as may be provided for in Sections 3.6 and 3.7.

1.6.3 For the purpose of this paragraph "use" means use of the land, building or structure, as of the effective date of this By-law.

1.7 MEASUREMENT

- 1.7.1 The Metric system of measurement shall be the only standard to be applied in this By-law.

1.8 ABBREVIATIONS

- 1.8.1 The following abbreviations, where used in this By-law, shall have the same meaning as if the word were printed in full:

d.u. - dwelling unit
ha - hectare
sq. m. - square metre
m - metre
min. - minimum
max. - maximum
GFA - gross floor area
C.G.S. - Canada Geodetic Survey Datum

1.9 TECHNICAL CHANGES

- 1.9.1 Revisions may be made to this By-law without the need for a Zoning By-Law amendment in the following cases:
- 1.9.1.1 Corrections of grammar, spelling, punctuation or typographical errors or revisions to format in a manner that does not change the intent of a provision.
- 1.9.1.2 Adding or revising technical information on maps or schedules that does not change zone boundaries or affect the zoning of lands including, but not limited to, matters such as updating and correcting parcel fabric, infrastructure information, keys, labels, legends or title blocks.
- 1.9.1.3 Changes to appendices, footnotes, headings, indices, marginal notes, tables of contents, illustrations, historical or reference information, page numbering, footers and headers, which do not form a part of this by-law and are editorially inserted for convenience of reference only.

3.3 DETERMINING ZONING BOUNDARIES

- 3.3.1 A zone boundary shown approximately at a lot, street or lane is at the boundary of the lot, street or lane.
- 3.3.2 A zone boundary shown approximately in the centre line of a street or lane is at the centre line of the street or lane.
- 3.3.3 Unless the location of a zone boundary is specified by dimensions on the zoning map, a zone boundary which lies within a lot shall be fixed by the scale of the zoning map.
- 3.3.4 A creek, stream or channel shall be deemed to follow the shoreline or centre line and moves with any change in such shore line.

3.4 ZONING MAP SCHEDULES

The Corporation is divided into the zones as shown on the Zoning Map Schedules, which are attached as Zoning Map Schedules SCHEDULE "A" Zoning Maps "Index" and Maps "1" to "50" inclusive to this By-law and hereby declared to form part of this By-law.

3.5 COMPLIANCE WITH ZONING BY-LAW

No person shall use land, undertake any development, construct, reconstruct, or use any building or structure except in conformity with the regulations controlling the use, this By-law and the *Planning Act*, R.S.O. 1990.

3.6 NON-COMPLYING BUILDINGS, STRUCTURES AND LOTS

- 3.6.1 Nothing in this By-law shall prevent the enlargement, reconstruction, renovation or repair of an existing non-complying building or structure or the enlargement, reconstruction, renovation or repair of an existing building or structure on a non-complying lot provided such enlargement, reconstruction, renovation or repair shall not further contravene any existing non-compliance and any other zone provisions.
- 3.6.2 Nothing in this By-law shall prevent the use of an existing vacant lot which has a lesser lot area or lot frontage than the applicable minimum lot area or minimum lot frontage required herein provided the proposed use of such lot is a permitted use and the proposed use, building or structure shall not contravene any other zone provisions.
- 3.6.3 No person shall be deemed to have contravened any provision of this By-law by reason of the fact that any part or parts of any lot has or have been or is or are conveyed to or acquired by the Corporation, the County, any local board of the Corporation or the County, any Authority, Board, Commission or Ministry established under any statute of Ontario or Canada, any telephone or telegraph company, or any public utility corporation. Where an existing non-complying building, structure or lot is the subject of a planning application or approval, no building, structure or lot shall be deemed to be in contravention of any provision of this By-law if the amount of the non-compliance is not being increased.

3.7 NON-CONFORMING BUILDINGS AND STRUCTURES

- 3.7.1 Nothing in this By-law shall prevent the use of any lot, building or structure for any purpose prohibited by this By-law if such lot, building or structure was lawfully used for such purpose on the date of the passing of this By-law and for so long as it continues to be used for that purpose.
- 3.7.2 Nothing in this By-law shall prevent the rebuilding or repair of an existing non-conforming building or structure that is damaged or destroyed subsequent to the date of passing of this By-law, provided that rebuilding or repair will not change the location of the original building or structure and the external dimensions of the original building or structure are not increased and the use of the building or structure is not altered, unless altered to a permitted use.
- 3.7.3 Nothing in this By-law shall prevent the replacement or strengthening to a safe condition of an existing non-conforming building or structure, provided that the external dimensions of the original building or structure are not increased and the strengthening will not change the location of the building or structure and the use of the building or structure is not altered, unless altered to a permitted use.

3.8 ACCESSORY USES

- 3.8.1 Any lawful use accessory to a lawful use is a permitted use.
- 3.8.2 No accessory building shall be used for human habitation, except where specifically permitted in this By-law.
- 3.8.3 No accessory building shall be located in a minimum Front, Interior Side or Exterior Side Yard. Where an accessory building is erected in the Rear Yard on a corner lot, it shall not be located closer to a street than the minimum setback for the main building from that street. Where an accessory building is erected in a Rear Yard it shall be set back from the rear property line a minimum of 1.22 m. Swimming pools are not considered to be accessory structures.
- 3.8.4 No accessory building, in a Residential Zone, shall exceed 4.0 m in height.
- 3.8.5 Accessory buildings shall be set back a minimum of 1.5 m from any main building.
- 3.8.6 Lot Coverage for an Accessory building shall not exceed 8%, unless otherwise specifically permitted in this By-law. Lot Coverage for accessory buildings in all Residential Zones shall not exceed 12%, but in no case shall the total lot coverage of the dwelling and all accessory structures exceed the Maximum Lot Coverage of the respective Residential Zone.
- 3.8.7 Air Conditioners and Heat Pumps shall be permitted in either a rear or interior side yard provided they are located no closer than 0.6 metres from any lot line.
- 3.8.8 Notwithstanding any provision of this By-law to the contrary, a Sea Container shall not be permitted as an accessory structure in any Residential Zone. Where a Sea Container is proposed to be repurposed as an accessory structure in any other zone, it shall be subject to the full provisions of this By-law and to the requirements of the Ontario Building Code.

3.9 PUBLIC USES

This By-law permits the use of land or the use, construction or reconstruction, of any building or structure for the purpose of the provision of public services by the Corporation or of any telephone company, any transportation or public utility owned, operated or authorized by or for the Town of Midland, the County of Simcoe, any department of the Federal or Provincial Government, or any Conservation Authority established by the Government of Ontario provided that:

- 3.9.1 In a Residential Zone such use, building or structure shall comply with the provisions of that zone;
- 3.9.2 In all zones such building or structure is to be designed and maintained in general harmony and character of the buildings or structures in that zone; and
- 3.9.3 In a Residential Zone there shall be no exterior storage of goods, materials or equipment.

3.10 HOME OCCUPATIONS

Home Occupation uses shall comply with the following provisions:

- 3.10.1 The Home Occupation use shall be contained within the dwelling unit and/or accessory building(s).
- 3.10.2 The Home Occupation shall be secondary to the use of the dwelling and shall not change the external residential character of the dwelling or lot, with the exception of a permitted sign.
- 3.10.3 The Home Occupation shall not become offensive or obnoxious or create a public nuisance by reason of hours of operation or emission of odour, dust, smoke, noise, gas, glare, fumes, light, vibration, radiation, debris, heat, humidity or refuse which is apparent from adjacent properties and/or which exceed limits established by Town by-laws and Provincial legislation.
- 3.10.4 The Home Occupation shall not result in volumes of vehicular traffic, on-street parking, or deliveries of goods, materials or equipment which interfere with the use and enjoyment of residential properties in the neighbourhood.
- 3.10.5 The Home Occupation shall not interfere with communications reception or electrical service of others on adjacent properties.
- 3.10.6 The parking of vehicles on the property containing the Home Occupation shall only occur on the surfaced driveway.
- 3.10.7 There shall be no outside storage or display of goods, equipment, materials or supplies associated with the Home Occupation.
- 3.10.8 Retail sales shall not be permitted unless otherwise specified herein. The sale or rental of goods produced or repaired on the premises is permitted. The sale or rental of goods not produced or repaired on the premises is permitted only where the sale or rental of the goods is accessory to the service provided by the Home Occupation. Direct sales conducted by telephone, internet, mail order or similar approach are permitted.

3.10.9 The following shall not be permitted as a Home Occupation:

- (a) Adult Entertainment Parlour
- (b) Automobile Body Shop
- (c) Automobile Car Wash
- (d) Automobile Gas Bar
- (e) Automobile Sales Agency
- (f) Automobile Service Station
- (g) Dry Cleaning Establishment
- (h) Eating Establishment
- (i) Funeral Home
- (j) Kennel
- (k) Storage Yard
- (l) Salvage Yard
- (m) Tavern
- (n) Veterinary Clinic

3.11 WAYSIDE PITS

Nothing in this By-law shall prevent a wayside pit or quarry or asphalt plant used in conjunction with a public road authority contract.

3.12 SIGHT TRIANGLE

On any corner lot in all zones except Commercial and Industrial Zones, no fence or structure shall be erected, and no hedge, shrub, bush, tree or other plant shall be permitted to grow, to a height greater than 1.0 m above grade of the streets that abut the lot, within the triangular area bounded by the street lines and a line joining points on the street lines a distance of 6.0 m from their point of intersection.

3.13 PERMITTED YARD ENCROACHMENTS

The following yard encroachments shall be permitted:

3.13.1 Unenclosed porches, steps, windowsills, cornices, chimneys, pilasters, eaves, gutters and similar non-structural architectural features may project no more than 0.5 m into any minimum yard.

Notwithstanding the above, a complying unenclosed porch may be enclosed provided it does not further contravene any other provisions of the By-Law.

3.13.2 Fire escapes may project no more than 1.5 m into any minimum Side or Rear Yard.

3.13.3 In all zones, except Residential and Institutional Zones, there shall be no

restriction on the encroachments listed in this Section except in cases where there is an abutting residentially zoned lot. In such case all the provisions of this Section must be met insofar as they apply to the Side Yard or Rear Yard between the non-residential use and a residentially zoned lot.

- 3.13.4 Notwithstanding any other provisions of this By-law to the contrary, patios and walkways that are at grade level may project into any required yard.

3.14 DECKS

- 3.14.1 Decks shall be permitted to encroach 3.05 m into the required minimum Rear Yard setback in all Residential Zones, provided that they shall be located no closer than 1.22 m from the rear property line.
- 3.14.2 Decks may project into the Interior Side Yard setback no more than a distance of 0.61 m where there is a common wall between Semi-detached Dwelling Units.
- 3.14.3 Decks on a Townhouse Dwelling Unit shall maintain a minimum Interior Side Yard setback of 0.61 m from the common wall to maintain a minimum distance between decks of 1.22 m.
- 3.14.4 Decks on a Street Townhouse Dwelling Unit shall maintain the required minimum maintenance easement width of 0.61 m per Interior Side Yard.
- 3.14.5 Steps to a deck may further encroach from the edge of the conforming deck into the Rear Yard, Side Yard or Exterior Side Yard a maximum of 0.91 metres.
- 3.14.6 Decks and porches are included when calculating maximum lot coverage in all Residential Zones. An additional 4% lot coverage shall be permitted in all Residential Zones for the construction of decks and porches.
- 3.14.7 For purposes of establishing deck height from grade, measurements shall be taken at the point on the deck furthest from the main structure and measured from that grade to the top of the deck.
- 3.14.8 An unenclosed barrier free access ramp structure shall be permitted in all zones and may encroach into the required Front Yard providing it does not extend more than 3.2 m beyond the face of the main building. The unenclosed structure shall be permitted to encroach no more than 1.5 m into the minimum Exterior Side Yard. On corner lots, a 1.5 m radius will also be permitted around the corner of the building where the Front Yard and Exterior Side yards meet. The barrier free access shall not encroach onto municipal lands and shall conform to all other yard requirements.

3.15 SWIMMING POOLS

A swimming pool is permitted as an accessory use to a permitted Residential or Rural use provided that it complies with the following:

- 3.15.1 No pool shall be permitted in the front yard in any zone.
- 3.15.2 No pool shall be permitted closer than 1.5 m to the side or rear lot line.
- 3.15.3 The maximum height of any required fencing shall not exceed 2.0 m above the average finished grade of the pool.
- 3.15.4 Any required building or structure, other than a dwelling, used for the changing of clothes or for a pumping or filtering facility or other singular accessory uses shall comply with the provisions of this By-law respecting accessory buildings.
- 3.15.5 No water circulating or treatment equipment shall be located closer than 1.5 m to any side or rear lot line.
- 3.15.6 The pool and a 1.0 m apron around the perimeter of a swimming pool shall be exempt in the calculations of Lot Coverage.

3.16 EXISTING UNDERSIZED LOTS

- 3.16.1 Vacant undersized lots, held in distinct and separate ownership on the effective date of this By-law, shall be deemed to meet the Lot Frontage and Lot Area requirements of the applicable zone. A building permit may be issued provided that the Side and Rear Yards are not less than 75% of the applicable requirements for Side and Rear Yards and provided that all other applicable provisions of this By-law are complied with.
- 3.16.2 Existing lots shall not be reduced in Lot Area or lot Frontage unless the remaining property conforms to the requirements of the zone in which it is situated, except where such a reduction is caused by expropriation or purchase by a public authority.

3.17 DWELLINGS ON EXISTING UNDERSIZED LOTS

Where a single detached dwelling unit or a semi-detached dwelling has been erected on a lot having less than the minimum frontage and/or lot area required by this By-law, the said dwelling may be enlarged provided that the Side or Rear Yards are not less than 75% of the requirements for Side and Rear Yards for the zone in which the building is situated and further provided that all other applicable provisions of the By-law are complied with.

3.18 HEIGHT OF FENCES AND HEDGES

No fence shall be erected and no hedge shall be permitted to grow, to a height greater than 2.0 m above ground level in any residential zone except those where a residential zone is abutting a non-residential zone, in which case the maximum height of a fence or hedge on the lot line abutting the non-residential zone shall be 3.0 metres above ground level, subject to the provisions of Section 3.8.

3.19 ONE DETACHED DWELLING UNIT PER LOT

Notwithstanding any other provision of this By-law, not more than one detached dwelling unit may be erected on any one lot.

3.20 TRAILERS AND CAMPERS

Only a maximum of one trailer, motorized mobile home, truck camper or camper trailer shall be permitted to be parked or stored, on a seasonal basis, on a lot in any Residential Zone. The use of vehicles, such as trailers, motorized motor homes, truck campers and camping trailers for living accommodations shall be prohibited in all zones, except in private, municipal or provincial trailer camp areas established and zoned for such use. The use of highway tractor trailers for the purpose of on site storage of materials, product or merchandise in excess of 21 consecutive days shall be prohibited in all zones, except those lands zoned industrial.

3.21 MULTIPLE USES

Notwithstanding any other provision of this By-law where any land, building or structure is used for more than one purpose, all provisions of this By-law shall be complied with except in the case of Lot Area, Lot Frontage, Lot Coverage and Yard Requirements, in which case the most restrictive requirement shall apply.

3.22 SHALLOW LOT REVERSE YARDS

Where the depth of a lot is less than half of the Minimum Lot Frontage, the Side Yard requirement may be applied to the Rear Yard provided that the width of one Side Yard is not less than half of the applicable Rear Yard requirement.

3.23 HEIGHT LIMITS

The maximum Building Height in all zones shall be 11.0 m unless otherwise specified in this By-law and shown on the Zoning Map Schedules. The Building Height shall be calculated in metres and shown on the Zoning Map Schedules suffixing the land use letters with the symbol BH.

3.24 HEIGHT EXCEPTIONS

Notwithstanding the Height Limits established for each zone, nothing in this By-law shall apply to prevent the erection of an air conditioner duct, a church spire, a belfry, a clock tower, a chimney, a barn, a corn crib, a drying elevator, a farm implement shed, a feed or bedding storage use, a water tank, a communications tower or satellite dish, an antenna, a silo, a windmill, a drive-in movie theatre screen, a forestry tower, an aid to navigation, a flag pole, a ventilator, an elevator enclosure or mechanical penthouse, a fire hose tower, a skylight, a utility plant, a water tower or ornamental roof construction.

3.25 DENSITY LIMITS

The maximum number of dwelling units per hectare on any lot shall be determined by the applicable use Zone Requirements unless otherwise specified in this By-law and shown on the Zoning Map Schedules.

3.26 FLOOR SPACE INDEX

The maximum floor space index in any Commercial or Industrial Zone shall be 1.0 unless otherwise specified in this By-law and shown on the Zoning Map Schedules by the letter “F” followed by the index number, e.g. “F2”. The Floor Space Index shall be determined as follows:

$$\frac{\text{Gross Floor Area}}{\text{Lot Area}} = \text{Floor Space Index}$$

3.27 SETBACK FROM PROVINCIAL HIGHWAYS AND COUNTY ROADS

Notwithstanding any other setback provisions in this By-law, the minimum setback from the property line for lands fronting onto a Provincial Highway or County Road shall be 15.0 metres or whichever setback is determined by the particular governing authority.

3.27.1 For those lands zoned RT-2 and RA-11 on Schedule A to this By-law and denoted with the symbol “*”, the setback from Provincial Highway 12 shall be 14.0 metres.

3.28 DUAL ZONE

A Dual Zone is a zoning in which two Zone categories apply to the one parcel of land with a Holding Zone provision. Dual Zones may be developed as either one or the other of the two Zone categories shown, subject to the removal of the Holding Zone – H symbol and on the provision that the second zoning shall be repealed.

3.29 THROUGH LOTS

A through lot shall be subject to the Front Yard setback and other requirements contained herein on each street in accordance with the provisions of the zone or zones in which such lot is located. In the case of a Through Lot having lot lines of equal length on each street, accessory buildings may be located in only one yard adjoining a street, but no closer to the street line than the minimum Front Yard requirement for that zone.

3.30 TEMPORARY USES PERMITTED

Except as provided elsewhere, nothing in this By-law shall prevent the use of land or the use or erection of a building or structure for a seasonal sales use, or for a scaffold or other temporary building or structure including storage sheds, sales or rental offices or trailer, incidental to a proposed development or construction in progress until such construction is ready for occupancy. In the case of temporary sales or rental offices, parking shall be provided in accordance with Section 3.13 hereof. A seasonal sales use shall only be permitted in a Commercial Zone that permits retail sales and shall comply with all applicable Licensing By-laws of the Corporation and any Site Plan approved pursuant to the provisions of the *Planning Act*, R.S.O. 1990. Temporary uses shall have a minimum setback of 1.5 m from any lot line and a minimum of 3.0 m from any public street.

3.31 REDUCTION OF REQUIREMENTS

No person shall change the purpose for which any land or building is used or erect any new building or addition to any existing building if the effect of such action is to cause the original, adjoining or remaining buildings or structures to be in contravention of this By-law.

3.32 USE OF VACANT LANDS

No vacant lands shall be used for the purpose of the storage of motor vehicles, machinery, materials or equipment, trailers or other similar objects which are not incidental to the expeditious construction of a building on such lands, and where otherwise specifically permitted by the provisions of this By-law.

3.33 SERVICING REQUIREMENT

Where municipal sanitary sewers and/or water supply are available to service the land, building or structure, or where alternative servicing can be provided to the satisfaction of the municipality Chief Building Official and/or the Ministry of Environment, no land may be used and no building or structure may be erected unless connected to such services.

3.34 MEASUREMENT OF SETBACK AND YARD REQUIREMENTS

Where the Zone Requirements include a requirement that the minimum yard of a lot or parcel of land shall be a specific number of metres, such minimum yard shall be determined by measuring at right angles from the foundation of the building or structure to either the property line abutting a public street and all the lot line abutting an adjacent yard.

Notwithstanding certain specific definitions of this By-law or the above, in the case of a zone boundary which is located between the lot line and the use to which the setback applies, the setback shall be calculated from the zone boundary.

3.35 FRONTAGE ON A PUBLIC STREET

No building or structure shall be erected, extended or enlarged on any lot unless such lot has frontage onto and access to a street constructed to Provincial, County or Corporation standards, whichever is the case.

3.36 HOLDING SYMBOL – H

Unless otherwise specified within the applicable zone provisions, where a zone symbol is shown on the Zoning Map Schedules and is followed by a holding symbol - H, the use of lands so zoned shall be limited to existing uses, a permitted accessory use, a permitted temporary use and conservation or forestry uses exclusive of buildings or structures. At such time as a holding symbol is removed by amendment to this By-law, the lot may be used in accordance with the applicable zone provisions. For more detailed information in regard to the possible future uses which may occur within these Zones, reference should be made to the Official Plan of the Town of Midland.

3.36.1 For the lands at 289 Penetanguishene Road and zoned “R1-H”, the requirement for removal of the Holding “H” Symbol shall be:

1. The payment to the Municipality of the front ending servicing costs for the sanitary sewer main, water main, service laterals, road and storm sewer for the subject lots as incurred by the Town and the developer of Registered Plan 51M-989 (LRG Midland Inc.).

2. That Penetanguishene Road is open to the public.
- 3.36.2 For the lands at 1081 MacDonald Road and Zoned M2-3-H, the requirement for removal of the Holding “H” Symbol shall be:
1. The approval of a Site Plan and Site Plan Agreement, pursuant to Section 41 of the Planning Act.
- 3.36.3 For the lands described as Part of Lots 101 and 102, Concession 1 (former Tay), and more particularly described as Parts 1 to 17 inclusive, Reference Plan 51R-33691 (Hanson Subdivision Lands), the requirements for the removal of the Holding “H” Symbol shall be:
1. The registration of the Draft Plan of Subdivision or the appropriate phase of the Plan of Subdivision.
 2. The approval of a Site Plan and Site Plan Agreement for the Block within the Plan of Subdivision.
- 3.36.4 For the lands at 287 Whitfield Crescent, 947 William Street, 16621 and 16601 Highway 12, 349, 361, 374, 375, 380, and 381 Olive Street, 353 Sixth Street, 548 Easy Street, 650, 658, 666 and 676 William Street, the requirement for removal of the Holding “H” Symbol shall be:
1. That the property connects to municipal water and sewer services.
- 3.36.5 For the lands at 517, 523, 529, 535, 541, 547, 553, 559, 565, 589, 595, 601, 607, and 613 Taylor Drive the requirement for removal of the Holding “H” Symbol shall be:
1. That a Record of Site Condition (RSC) is submitted to the Municipality.
- 3.36.6 For those lands described as the Part Lot 9 on Registered Plan 166 and zoned R4-7(H), the requirements for the removal of the Holding “H” Symbol shall be the approval of a Site Plan Control Application pursuant to Section 41 of the *Planning Act*.

3.37 MODEL HOMES

Notwithstanding any other provisions of this By-law to the contrary, Model Homes shall be permitted subject to the following:

- 3.37.1 The lands on which the model homes are to be constructed have received draft plan approval under the provisions of the *Planning Act*.

- 3.37.2 That a Subdivision Agreement and/or a Model Home Agreement has been executed.
- 3.37.3 That the use shall be permitted in the zone in which the model homes are to be located.
- 3.37.4 That each building shall be used for the purpose of a model home only and shall not be occupied as a dwelling unit prior to the date of the registration of the plan of subdivision.
- 3.37.5 That the maximum number of model homes shall not exceed four (4) and that each of the model homes shall be unique model types.
- 3.37.6 That the buildings shall comply with the Zoning performance standards of the By-law as though the units were constructed on the lot within the future plan of subdivision.
- 3.37.7 That the model homes shall not be located further than 90.0 metres from a public street and/or a fire hydrant.
- 3.37.8 That the model homes shall be located in a manner that provides for adequate fire separation to the satisfaction of the Municipality.
- 3.37.9 That the design for the access, parking and grading to the model homes has been constructed to a standard to the satisfaction of the Municipality.

3.38 SECOND UNITS

All Second Units shall be developed in accordance with the following provisions:

- 3.38.1 A Second Unit shall only be permitted within a Detached Dwelling, Semi-Detached Dwelling, Street Townhouse Dwelling, Townhouse Dwelling or in an Accessory Building located on a Corner Lot, Through Lot, or a lot abutting a public Lane and located on the same lot as a Detached, Semi-Detached, Street Townhouse, or Townhouse Dwelling and where permitted by this By-law.
- 3.38.2 A maximum of one (1) Second Unit shall be permitted per lot. In the case of a condominium, only one (1) Second Unit shall be permitted per condominium unit.
- 3.38.3 A Second Unit must be connected to municipal services where such services are available. However, where municipal services are not available, a Second Unit may be connected to private services subject to Ontario Building Code approval.

- 3.38.4 No additional parking is required for a Second Unit. However, the creation of a Second Unit must not eliminate a required parking space for the principal dwelling unit. Where parking is provided, parking must be in conformity with the parking provisions of this By-law. Tandem parking is permitted.
- 3.38.5 The maximum Floor Area of a Second Unit shall not exceed 40% of the total Floor Area of the Dwelling, to a maximum of 80 square metres in Floor Area, whichever is less, or if the second unit is located in the basement of the dwelling unit it may include the entire basement.
- 3.38.6 The external appearance of the front façade of the principal dwelling unit or any other façade facing a street on which the lot has frontage shall be preserved and entrances for a Second Unit in a dwelling unit shall not be permitted on the front main wall of the main building facing a public street.

3.39 SOURCE PROTECTION

- 3.39.1 This Section applies to lands within the Well Head Protection Area (WHPA) Overlay Zones (WHPA-A, WHPA-B, WHPA-C). The regulations set forth in this section shall apply to the applicable overlay zone and shall be in addition to those regulations set forth in the underlying zone. In the event of a conflict between the provisions of the regulations of this overlay zone and the provisions of the underlying zone, the provisions of the overlay zone shall prevail.
- 3.39.1.1 Within the WHPA-A overlay zones, any non-residential use that is listed below is prohibited.
- a) Storage facilities for agricultural source material.
 - b) Storage facilities for non-agricultural source material.
 - c) Commercial fertilizer storage facilities.
 - d) Pesticide storage facilities.
 - e) Road salt storage facilities.
 - f) Snow storage facilities.
- 3.39.1.2 Within the WHPA-A overlay zones any residential fuel storage over 250 litres is prohibited
- 3.39.1.3 Within the WHPA-A, WHPA-B or WHPA-C overlay zones, the non- residential use listed below is prohibited.
- a) Storage facilities for dense non-aqueous phase liquids (DNAPLS).

SECTION 4 PARKING AND LOADING

4.1 PARKING REQUIREMENTS

- 4.1.1 When any new development is commenced or when any existing development is enlarged, or use changed, provision shall be made for off-street vehicular parking spaces in accordance with the standards of this Section.
- 4.1.2 The parking requirements for a single lot or a building containing a number of uses shall be the sum total of the parking requirements for each of the component uses, except in the case of a shopping centre for which the standards cited specifically for shopping centres shall apply. All parking spaces must be provided on the site for the specific use.
- 4.1.3 Notwithstanding the requirements of Section 4.1.1, there shall be no minimum number of parking spaces required for all the Permitted Uses of the Downtown Core Zone - DC in the geographic area of the downtown core bounded by the centre line of Elizabeth Street on the south, the centre line of Bayshore Drive on the north, the centre line of Midland Avenue on the east and the centre line of First Street on the west.
- 4.1.4 For the purposes of determining school parking requirements, "School on the ground" capacity per student shall mean the school capacity as approved by the Ministry of Education which reflects all permanent bricks and mortar space available for institutional purposes on an ongoing basis. For the purposes of calculating parking requirements, portable classrooms (non bricks and mortar) are exempt.

4.1.6 Parking Area Regulations

Where in this By-law parking facilities are required for other than single detached, semi-detached, duplex and triplex uses the following regulations shall apply:

- 4.1.6.1 The parking lot shall have visible boundaries and the parking spaces clearly defined with the layout of spaces appropriately marked on the ground or signed.
- 4.1.6.2 The parking spaces shall be provided on the same lot or parcel as the building or use for which it is required or intended.
- 4.1.6.3 The parking lot shall be maintained with a stable surface treated to prevent the raising of dust and be suitably drained. Parking spaces, parking lots and driveway aisles intended for more than three vehicles or intended to serve institutional, industrial or commercial uses, shall, before being used as such, be constructed of asphalt, interlocking paving stones, concrete or similar material.

Notwithstanding the above, parking spaces, loading areas, and truck storage areas in Industrial Zones that does not abut a street may be constructed with a stable surface of crushed stone, slag, gravel, crushed brick or tile, cinders, asphalt, concrete or portable cement cinder, which have been treated so as to prevent the raising of dust or loose particles.

All vehicular access connecting these areas with a street shall be paved with an asphaltic or concrete surface from the lot line to the traveled portion of the street. In all cases provisions shall be made for adequate drainage facilities.”

- 4.1.6.4 Each parking space shall be rectangular in shape, be clearly demarcated and be of a minimum width of 2.8 m and a minimum length of 5.8 m. In the case of angle parking, each angle parking space shall have a minimum width of 3 m and a minimum length of 6 metres.
- 4.1.6.5 The minimum width of a driveway or aisle leading to any parking space shall be 6.0 m from two-way traffic and 3.6 m from one-way traffic.
- 4.1.6.6 Where a parking area is adjacent to a Residential Zone, the lighting facilities

from that lot shall be arranged so as to direct and/or reflect the light away from the residentially zoned lands.

- 4.1.6.7 Where the calculation of the required number of parking spaces results in a fraction, one full parking space shall be provided to represent that fraction.
- 4.1.6.8 Where school bus parking is required in a school yard, the bus parking space shall not be less than 3.0 m in width and not less than 11.0 m in length.
Where in this By-law parking facilities are required for single detached, semi-detached, duplex and triplex uses the following regulations shall apply:
- 4.1.6.9 The parking of motor vehicles associated with a residential use is only permitted within a parking garage, surface parking area, private garage, carport or on a driveway accessing an individual dwelling unit, a private garage or a carport.
- 4.1.6.10 No commercial motor vehicle exceeding a Gross Vehicle Weight of 8000 kilograms shall be parked or stored on any lot in a Residential Zone except for purposes of temporary loading or unloading, unless located within a wholly enclosed building.

4.1.7 Private Driveways

- 4.1.7.1 The width of a driveway accessing a residential lot shall be in accordance with Table 4.2 as follows:

Lot Frontage	Maximum Width
9 metres or less	3.5m
<i>Greater than 9 metres</i>	50% of the lot frontage to a maximum of 8.5 m

- 4.1.7.2 For all residential lots, a maximum of one driveway per lot is permitted.
- 4.1.7.3 Notwithstanding section 4.1.7.2, one driveway per dwelling unit is permitted on a block designated for semi-detached, townhouse, back-to-back townhouse, and duplex dwellings.
- 4.1.7.4 For commercial, industrial, institutional properties and residential property with more than three (3) dwelling units, the width of the driveway shall be established through the Site Plan Control Approval process.

4.1.8 Barrier Free Parking Regulations

- 4.1.8.1 Every owner or operator of a public parking area shall provide designated

parking spaces for the exclusive use of vehicles operated by or conveying physically disabled persons, upon which vehicles shall be properly displayed a disabled person parking permit as issued by Ministry of Transportation of Ontario. The minimum number of designated parking spaces which must be provided shall be calculated in accordance with the Table 4.3:

Table 4.3	
Capacity of Parking Area, No. Spaces	No. of parking Spaces Required
1 – 10	0
11 – 100	1
101 – 200	2
201 – 300	3
301 – 400	4
401 – 500	5
501 or more	6

- 4.1.8.2 Notwithstanding 4.1.6.3 and 4.1.6.4, reserved barrier free parking spaces shall be hard surfaced, level and be rectangular in shape having a minimum width of 3.4 metres and a minimum depth of 5.8 metres.
- 4.1.8.3 Reserved barrier free parking spaces shall be located in proximity to the building entrances and accessible ramps, walkways and elevators.
- 4.1.8.4 Reserved barrier free parking spaces shall be identified by signs conforming to the requirements of the Ontario Regulation made under the *Highway Traffic Act*.
- 4.1.8.5 Reserved barrier free parking spaces shall be kept free from obstructions, kept clear of snow, ice and slush and otherwise maintained to the same standards as all other parking spaces in the same parking area.

4.1.9 Additions or Change in Use of Buildings

The parking space requirements referred to in the Parking Regulations Table 4.1 shall not apply to any building or structure lawfully used on the date of the passing of this by-law so long as:

- a) The gross floor area, as it existed at such date, is not increased; or
- b) There is no change in use; and
- c) The number of parking spaces is not reduced.

Notwithstanding the above, the following shall apply with respect to the provision of off-street parking.

- 4.1.9.1 Where a change in use of a building or structure lawfully used on the date of the passing of this by-law occurs, and the parking space requirements for the new use are the same as or less than the prior lawful use, the provisions of

this by-law shall not be effective to require additional off-street parking spaces, provided that no addition to the gross floor area of the building or structure is made.

Notwithstanding the above, where a change in use of a building or structure lawfully used on the date of the passing of this by-law is made and the parking space requirement for the new use are greater than the prior lawful use, additional parking spaces shall be provided based upon the difference between the requirements for the prior use and the new use in the Table 4.1, provided that no addition is made to the gross floor area of the building or structure.

- 4.1.9.2 Where an addition is made to a building or structure lawfully used on the date of the passing of this by-law which increases the gross floor area, then additional parking spaces for the floor area associated with the addition shall be provided in accordance with the requirements of Table 4.1.
- 4.1.9.3 Where a change in use of a building or structure lawfully used on the date of the passing of this by-law occurs and an addition is made which also increases the gross floor area of the building or structure, then additional parking spaces shall be provided based upon the additional parking spaces required for the new use in accordance with subsection 4.1.9.1 plus the additional parking spaces required for the addition in accordance with 4.1.9.2.
- 4.1.9.4 For the purposes of section 4.1.9, a change in use includes any change in a building or structure or its use, other than by an addition, that would increase the parking space requirements of Table 4.1.

4.1.10 Loading Provisions

- 4.1.10.1 Where any new development occurs in a commercial or industrial zone, save and except for the DC Zone, or when any existing use is changed, enlarged or increased in capacity, off-street vehicular loading spaces shall be provided and maintained in accordance with the following:
 - (a) The minimum width of an off-street loading space shall be 4.0 m and the minimum length 21.0 metres with a minimum clear height of 4.5 metres.
 - (b) Loading spaces must be located either within or abutting the building containing the use.
 - (c) No loading spaces may be provided within any required yards.

(d) Every loading space shall be surfaced or treated to prevent the raising of dust.

4.1.10.2 The minimum required off-street loading spaces required shall be in accordance with Table 4.4:

Table 4.4

4.1.11 Queuing Lane Requirements

4.1.11.1 Where drive-through service facilities are proposed, queuing lanes are required and shall be exclusive of any other parking space and aisle requirements contained within this By-law and shall be provided in accordance with the following provisions:

4.1.11.2 The minimum queuing space requirements within a designated queuing lane shall be in accordance with Table 4.5:

Table 4.5		
Drive-Through Facility	Minimum Required Ingress Spaces	Minimum Required Egress Spaces
Drive-Through facility associated with a financial institution	3	1
Drive-Through Restaurant	10	2
Drive-Through facility associated with convenience retail and service kiosk	5	1
Motor vehicle washing establishment	10	2
All Other Drive-Through Facilities	3	1

Note to Table 4.5: The queuing lane associated with the drive-through service use shall be the total number of required ingress spaces and egress spaces.

- 4.1.11.2 Where multiple queuing lanes are required on a lot, the queuing space requirements shall be provided for each individual queuing lane in compliance with the provisions of Table 4.5.
- 4.1.11.3 All queuing spaces shall be rectangular in shape, with a minimum length of 6.0 metres and a width of 3.0 metres.
- 4.1.11.4 Queuing lanes and all order boxes using voice communication to order shall be located no closer than 7.5 metres from any street line or any Residential Zone.
- 4.1.11.5 Queuing lanes shall be unobstructed and shall be clearly delineated by pavement markings or physical barriers and shall be independent of the balance of the parking area.
