

# Pedestrian Crossovers

## Pedestrians have the right of way!

A pedestrian crossover is a type of crossing where by law, drivers are required to stop for pedestrians intending to cross the road.

### How can you recognize a pedestrian crossover?

- All are marked by signs and pavement markings
- They have pedestrian-activated flashing lights

### How can you help keep our crossovers safe?

- As a driver be prepared to stop for pedestrians
- As a pedestrian or cyclist, follow the guidelines for safe crossing

Stay safe at pedestrian crossovers

## Pedestrians

- Push button for flashing lights
- Indicate intention to cross
- Wait for traffic to stop
- Make eye contact to ensure driver sees you

## Cyclists

- When riding with traffic, follow rules for drivers
- When crossing with pedestrians, follow rules for pedestrians; dismount and walk your bike across road

## Drivers

- Be prepared to stop for pedestrians
- Stop behind yield line
- Make eye to ensure the pedestrian sees you
- Wait until pedestrian completely crosses road before proceeding
- Do not pass another stopped vehicle
- Failure to comply may result in drivers being fined as per the Highway Traffic Act
