## **EIGHTH STREET RECONSTRUCTION**

### **PRE-NOTICE of UPCOMING CONSTRUCTION**

**EXP Services Inc.** and the **Town of Midland** are pleased to provide this notice of upcoming construction for the Eighth Street Reconstruction project.

#### **Project Description:**

This project includes Eighth Street, from Yonge Street to Hugel Avenue and includes:

- Replacement of existing sanitary sewer and watermain, including services to property line
- Drainage improvements and storm sewer upgrades
- Full road reconstruction, including new curb, sidewalks, granulars and asphalt as required
- Reinstatement of all disturbed areas to previous or better condition, including sections of driveways or boulevard affected by construction

#### **Project Timeline:**

The construction project is currently being advertised to interested bidders. Work is expected to be awarded to the successful contractor and work initiated by **June 1, 2026** with an anticipated completed date by **October 31, 2026**, subject to change.

Upon award, the contractor will be completing a precondition survey of existing residences to record existing conditions prior to construction. At that time, we recommend homeowners allow the pre-condition surveyors entry to take pre-construction photos to record pre-construction conditions.

#### **Further notice will be provided upon award of the construction contract.**

To stay up to date on the project updates, please visit the Town's website at:
