Supporting Midland's Community Grant Program

The Annual Mayor's Charity Golf Tournament - a day of fun, philanthropy and community spirit!

All proceeds raised during the golf tournament will be directed to the Community Grant Program which provides financial assistance to a number of local not-for-profit organizations offering community-based programming in the areas of the arts, culture, heritage, recreation, sports, environment, health, education, social and human services.

A word from Mayor Bill Gordon

"This tournament is more than just a day of golf; this event will create a long-term, sustainable and positive impact in support of many local, not-for-profit programs in our community, while reducing the burden on the tax levy.

I want to personally thank our many sponsors, donors and participants who have already committed to supporting Midland."
